

Small Group Coaching & Mentoring for Leaders

(6-8 participants per group)

Who should participate:

The group is geared towards developing leaders at the Director level or above.

Purpose:

To provide a coaching and mentoring environment for Leaders who may not have access to learning from other peers. Participants will have the opportunity to receive coaching from an experienced executive leadership coach and learn from the experiences of others.

Topics may include:

- challenges as a leader post-covid
- team development
- handling challenging situations or employees
- self-development to the next level (executive level skill development)
- leadership challenges in a fast growing company

The group will be **surveyed in advance** of the program to determine the areas of interest for topics.
